RailRobin

FOUNDING PARTNER INVITATION · BENGALURU PILOT

Reach the metro commuters who walk past your door every day.

ಪ್ರತಿದಿನ ನಿಮ್ಮ ಅಂಗಡಿಯ ಮುಂದೆ ಹಾದುಹೋಗುವ ಮೆಟ್ರೋ ಪ್ರಯಾಣಿಕರನ್ನು ತಲುಪಿ.

RailRobin is a free app for metro riders in Bengaluru and Chennai. It shows them their next station, answers their metro questions, and turns each ride into coins they spend at shops near the station. Shops like yours.

WHAT YOU GET

Your offer, shown to riders arriving at your station.
Riders getting off at Indiranagar see it in the app, with the walk from the exit to your door.

A simple report every two weeks.
How many riders saw your offer and how many redeemed it. Plain numbers, sent to you.

Free for your first 3 months as a Founding Partner.
Your station listing and redemptions cost nothing for 3 months. Before they end we show you the price card, and you decide. Sponsored spots stay separate and paid.

WHAT YOU GIVE

One offer riders can redeem at your counter.
Stated plainly, like "Free filter coffee with any snack". The rider shows a code in the app and taps Mark as used in front of you.

Your opening hours.
So we never send a rider to a closed shutter.

Your logo, or a photo of your shop front.
A phone photo is fine. We crop it.

- **No app to install, no machine to buy, no training. Your counter is enough.**

HOW IT WORKS

1

Tell us your offer
Scan the code and fill the 2-minute form, or tell us now and we fill it in for you.

2

We check and switch it on
We confirm your details, test one redemption at your counter, and two people on our team approve the offer.

3

Riders come in
Riders at your station see your offer, redeem it at your counter, and you get the numbers every two weeks.

Scan to sign up, or we do it with you now.

railrobin.com/partners

Two minutes. No payment details asked.

partners@railrobin.com We reply within one working day

FOUNDING PARTNER · FREE FOR 3 MONTHS

RailRobin is an independent app made in India. It is not affiliated with BMRCL, CMRL or any government body. Offers are shown to riders as plain facts and approved by two people before they go live. We never promote loans, betting, crypto or "earn from home" schemes. The pilot is just starting, so we are signing a small number of Founding Partners near a few stations first.
